

## RECOMMENDED - Figure Skating related services

Strongly recommends the use of

### Lace Up

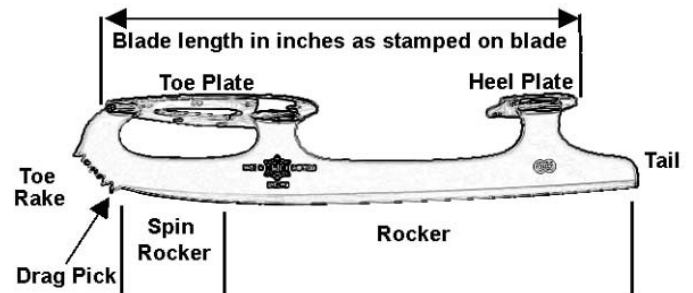

Hockey or Figure Skates for all CanSkaters

Pre Academy and Jr Academy should move to True Figure Skates

### Figure Skate Sharpening

Please make sure the person sharpening your skates knows to keep the rocker (CURVE) on the blade and to never sharpen the pick off a figure skate. Hockey skates and Figure skates require different sharpening skills/ equipment. Once a toe pick is taken off it the blade can not be fixed

**Highly recommended FULL SERVICE Figure skating specialty Shops in Nova Scotia**  
Skates (all levels) - Sharpening – tights – Guards - skating gear etc.

#### Popular brands of Quality Figure Skaters

Jackson    Edea    Risport    Riedell    Aura

Stay away from used skates that are very old or have large creases in them. Skates made with plastic that do not tie are not suitable (Buckles) As are skates that have double blades or resizable blades. If you are not sure, please send an email with a picture to [Halifaxskatingclub@gmail.com](mailto:Halifaxskatingclub@gmail.com)
